Iola is getting to be a collection of colonies. A family will move here from some part of the country. They are certain to become infatuated with the place and they write glowing letters home and the result is that others come to look and remain to live.

Miss Estella Muhr, who makes her home with the family of W. B. Kelley, received the sad news last Thursday that her brother, John Muhr, of Co. E., Twentieth Kansas, had died of wounds received in battle. Young Muhr lived at Westphalia at the time of his enlistment.

Don't think you can cure that slight attack of Dyspepsia by dieting or that it will cure itself. Kodol Dyspepsia Cure will cure it; it "digests what you eat" and restores the digestive organs to health. C. B. Spencer & Co.

In Constipation HERBINE affords a natural, healthy remedy, acting promptly. A few small doses will usually be found to so regulate the excretory functions that they are able to operate without any aid whatever. Price 50 cts. Evans Bros.

W. S. Pryor, who developed the Iola gas field, and who recently sold his large interests in the Gas Company, has bought a 30-acre park at Dallas, Mo., twelve miles from Kansas City, and is making a pleasure ground out of it. Don Buchanan is superintending part of the work.

If you have piles, cure them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure others; it will not fail to cure you. C. B. Spencer & Co.

The REGISTER is sorry to learn of the death at her home in the east part of the county, last Friday of Mrs. Clarence Edwards. She was a daughter-in-law of J. W. Edwards and as Miss Jennie Walton was well known in Marmaton and Salem townships. The funeral was held Sunday.

J. G. Roberts was recently appointed city attorney of LaHarpe and is now busily engaged in drawing a series of laws and by-laws and ordinances and charters and the thousand and one legal conventionalities which encompass a community which has just become a city. He is a good man for the place.

I have been a sufferer from chronic diarrhoea ever since the war and have used all kinds of medicines for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy—P. E. Grisham, Grange Mills, La. For sale by Campbell & Burrell.

LaHarpe News: Assessor Wood has handed us the following figures concerning the population of LaHarpe, taken from his rolls: Number of inhabitants in the territory included in the corporate limits of the city, 502; population of Lanyon's addition to LaHarpe, 215; total number of inhabitants in what is properly the town of LaHarpe, 807.

Mr. C. W. White, who has been connected with the Chicago Lumber Co.'s yard at this place for the past year, has accepted a position with the Iola Brick Co., and assumed the duties which Mr. F. A. Northrup was compelled to give up on account of ill health. Mr. White is not only an experienced lumberman, but during his sojourn here below has acquired a whole lot of information on the brick question and he will come as near as anyone can to filling the important position which Mr. Northrup held.

A. R. Thompson came in on the morning train Friday and went to his home in Colony to visit his father, A. Thompson. He was mustered out of the Fourth Illinois Lancers Tuesday at Augusta, Georgia, after being stationed several months at Havana, Cuba. He was fat and appeared in excellent health and spirits.

T. C. Long, who is selling a combination wrench on the street, was formerly in the grocery business in Iola and his old friends are glad to see him. He left here fifteen years ago and his home is now in Westchester, Pa. His wife and one of his boys are with him and the other boys are expected here soon.

Mr. D. E. Bush, of Ottumwa, Ia., has bought five lots belonging to Mr. L. Harmon and lying just east of the green house north-east of town. Mr. Bush will immediately erect a handsome home on the corner lot and will invest in other Iola property. The REGISTER is glad to note his coming and his locating here.

If you suffer from tenderness or fullness on the right side, pains under shoulder blade, constipation, biliousness, sick headache, and feel dull, heavy and sleepy your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. They are good pills. C. B. Spencer & Co.

Mr. A. S. Walker, vice-president and general manager of the Acme Cement Plaster Company, was in Iola Tuesday and made Iola office a pleasant call. Mr. Walker is much more than half convinced that his company ought to establish a mill here for the manufacture of their famous plaster. They have a mill at the plaster beds in the Texas Panhandle which is the largest of its kind in the world. But they have to pay \$3.50 a ton for coal, and that gets into money mighty fast. It is simply a question of freight rates and Mr. Walker will take that up with the railroads at once. If the right rate can be secured there is little doubt that Iola will acquire another industry that will employ from fifty to one hundred men.

Mr. W. T. Barnett, who was appointed by the county commissioners to assist Mr. Osborne, the assessor of Iola township in making up the returns for the township, has filed his report. Mr. Barnett assessed the additions around Iola city and he finds that the increase in valuation in personal property and improvements, not considering the rise in the value of land, will reach the neat sum of \$20,000 for the year just ended. This includes the improvements at the smelters, and in the Bunnel and Twiss additions and the Ice plant. This is on a basis of about forty per cent of the real value, which means that the true value of the improvements is close to \$50,000 and the township and school district will be benefited to the amount of about \$1000 in taxes.
